Features

1. Mini Type with built-in 4G Module, made networking simplest.
2. Pinhole Lens to make sure nanny taking care well of your kids
3. Invisible black IR LED that can't be detected by human's eyes.
4. Built-in TF card slot, a completed CCTV system by one device.
5. Wifi and 4G mode switchable, more choices for networking.
6. Full metal design, good for heat dissipation and longer working life.

Parameters

Model Number	Parameter	
	Sensor/Chip	1/2.8" IMX307 CMOS GK7205V200
	Pixel	1080P
	Day and night functions	Automatic IR-CUT
	Video compression format	H.265
	Double bitstream	Support
	Image resolution	1080P,720P,VGA,QVGA
	Video frame rate	25fps
	Video bit rate	32Kbps~6Mbps
	Network protocol	TCP/IP、UDP/IP、HTTP、ICMP、FTP、EMAIL、TELNET etc
	Movement detection	It can set sensitivity 0-100 and detect 4 areas
	ONVIF protocol	Support ONVIF2.2 protocol
	IE application	embedded web server, users can browse and control directly with browser
	Mobile monitoring	Spport IOS and Android
	Dynamic domain name resolution	Support LAN and Internet
	WiFi	Spport
	4G	CAT4 EUR B1/3/7/8/20 as default Australia LTE B1/3/5/7/8/28/40 Optional China FDD 1/3/5/8 TDD 38/39/40/41
	Audio interface	Built-in microphone

	TF card storage	Spport 128G TF card(Not included)
	IR Night Vision	Invisible IR Lighting, 10meters night vision
	User administration	Multi user hierarchical rights management is provided to allow multiple users to access the device at the same time
	Network interface	Wifi/ 4G
	Module power consumption	DC 12V 2A /1.8W
	Working temperature and humidity	0 ~ 55 ℃ 10 ~ 95%
	Size	Size：75mm*43mm*53mm；Weight：500g
